Giti Compete
Competition Tires for Professionals

2012 Champion of the Taklimakan Rally

Petrol Group and Race team Category

1 Unique Sidewall and Rim Protector Design

Reinforced sidewall with rim protector ensures that low air pressure will not lead to bead unseating.

2 Strong Tire Casing with Anti-Collision Bars

Robust tire casing with anti-collision bars improve traction under low air pressure conditions and withstand collisions, landing shocks and tire blowouts.

3 Unique Tread Pattern Design

Tread design increases contact area to improve gripping and handling performance.

4 Advanced Rubber Formulation

Advanced tread formulation offers a high level of stability and performance at extreme temperatures.
